Sakura trees (a variety called Akebono) have been planted by Wakayama Kenjin –kai in Garry Point Park since 2000. By this year, total of 256 Akebono Sakura trees have been planted and the 2nd annual Sakura Festival sponsored by City of Richmond will be held on April 08. The Japanese School will participate in the celebration doing “Kimono Dressing”. We’d like to invite the students, parents and families to this “Hanami” event and enjoy a spring day in the park.
